Profile

Shoe-sponsor: [On running](#)

Since the early death of his parents Simon lives together with his sisters and his grandmother in Naivasha, Kenya. As a member of run2gether since 2014 he is exclusively focusing on marathon. After his first marathon in Europe in 2014 he was improving his personal best by almost four minutes in the St. Wendel Marathon in Germany 2015! Simon had a conscientious preparation during the last months and in his first marathon in 2016 at St. Wendel Marathon he pushed himself again to new personal best. His team-mates appreciate his open and friendly personality and he is an important component of the run2gether runners family.
