Profile

Purity is together with her twin sister Caroline one of our big talents in the ladies-team. Since 2015 she showed great improvements in her training and is a big profit for the team and our guests at our running weeks at Hochrindl!

For the first time in 2016 in Europe Purity wants to demonstrate that she will be on the top list at mountain races.

2017 was a year of progress, 2018 she was representing Kenya at the WMRA Mountain Running World Championships and won the gold medal with the team!

We are looking forward to her further development!
